INSTRUCTIONS

033/5035 A.O. 2/1948

Message from the President of the Council of Ministers, Italy, on the occasion of the withdrawal of Allied troops.

The following message has been received by the Prime Minister from His Excellency Signor Alcade de Gasperi, President of the Council of Ministers, Italy:—

"At the moment of the withdrawal of all Allied troops from our country I wish to assure you that the Italians will preserve an undying memory of their liberating action and of their brotherhood in arms which united them at a later date to our regular and volunteer armed forces. Your troops fought in Italy for the cause of liberty and democracy. I should be grateful if you would tell them that the common ideals for which they shed so much noble blood will remain the supreme law of the Italian Republic."

The Prime Minister has replied as follows:—

"I was deeply gratified by your generous message to me on the final withdrawal of Allied troops from Italy. I shall not fail to see that it is brought to the notice of the British forces concerned, who will, I know, be proud to hear of it. We in this country will not forget the services rendered by Italy during the period when we were fighting together for freedom and democracy. I am confident that those ideals will prevail."

Army Council's instructions to the Foregoing Order

1. The establishment of colonels, referred to in para. 3 of the Schedule, and the number of quarter-masters who may be promoted to the rank of lieutenant-colonel, will be notified separately.

2. Reckonable service under paras. 5 and 6 of the Schedule includes unembodied service in the Territorial Army, but there will be no change in the general rule of the **Pay Warrant, 1940, Article 431**, that unembodied Territorial Army service does not count for increments of pay (except as provided in **Army Council Instruction 76 of 1940**, and, as regards quarter-masters, as provided in **Territorial Army Regulations, 1936, para. 662**).

4. Officers who, on 1st May, 1947, were in possession of the qualifications required by this Army Order for promotion will, subject where applicable to selection and the existence of a vacancy, be promoted from that date. 2. When additional pay for both officers and other ranks is admissible for the performance of similar duties, but at varying rates, only the rate appropriate to the rank held immediately before commissioning will be admissible with pay under this Warrant.

In the case of officers who, within a year of being granted short service commissions, have been in contributory service under the Teachers (Superannuation) Acts or the Scottish Scheme and in respect of whom employers' and teachers' contributions are paid by the Army Council during the period of their short service commission, a deduction of the total amount of the contributions so paid will be made from the gratuity payable on completion of service.

7. Ex-Regular Army soldiers holding emergency commissions whose service is at present reckonable towards an award under the **Pay Warrant, 1940, Article 634** (as promulgated by Amendments (No. 110), notified in Army Order 59 of 1944), may be granted short service Regular Army commissions for a minimum period of service on the active list of seven years, or such longer period as is required to enable them to complete 15 years' service reckoning towards retirement on retired pay under the **Pay Warrant, 1940, Article 541** (as amended by Amendments Nos. 112 and 129) (notified in Army Orders 90 of 1944 and 34 of 1945).

8. An officer who is granted a permanent commission during the currency of his short service commission will not be eligible for any gratuity or retired pay under the above terms, but will reckon his service on a short service commission towards ultimate retired pay or gratuity on the permanent Regular Army officers' scale.

Part II

1. Short service Regular Army commissions in the Royal Army Educational Corps will be granted to suitable officers holding non-Regular Army commissions, whether serving or released, to suitable candidates registered in the Army Officers Emergency Reserve, and to selected other ranks, for a period of eight years, of which three, four or five years will be spent on the active list and the balance on the reserve, except as provided in paragraph 5 below.

2. (*a*) Except in cases covered by sub-paragraphs (*b*) and (*c*) below, such commissions will be granted in the substantive rank equivalent to the substantive or war-substantive rank held by the applicant at the time of his appointment and with his original seniority in such rank, or in the substantive rank and seniority to which the applicant is entitled in accordance with paragraph 3 of Part I, whichever is the more advantageous.

4. On the satisfactory completion of the full period of service on the active list for which officers, other than those referred to in paragraph 5 below, have engaged, gratuities will be payable at the rates shown below :—

	£	s.	d.
For three years' service	300	0	0
For four years' service	400	0	0
For five or more years' service	500	0	0

In the case of officers, who, within a year of being granted short service commissions have been in contributory service under the Teachers (Superannuation) Acts or the Scottish Scheme, and in respect of whom employers' and teachers' contributions are paid by the Army Council during the period of their short service commission, a deduction of the total amount of the contributions so paid will be made from the gratuity payable on completion of service.

5. Ex-Regular Army soldiers holding emergency commissions whose service is at present reckonable towards an award under the **Pay Warrant, 1940, Article 634,** may, if they have already completed less than 12 years' actual service, be granted short service Regular Army commissions for a minimum period of service on the active list of seven years, or such longer period as is required to enable them to complete 15 years' service reckoning towards retirement on retired pay under the **Pay Warrant, 1940, Article 541.** Ex-Regular Army soldiers who have completed 12 years' actual service may be granted short service Regular Army commissions for a period of seven years, such commissions being terminable by the Army Council after three years.

A.O. 38/1948—*contd.*

Those who have completed 15 or more years' actual service at the time they are granted short service commissions may, after completing three or more years' short service, apply to terminate their commissions.

Short service Regular Army commissioned service will reckon towards an ultimate award of a gratuity or pension under the **Pay Warrant, 1940, Article 634,** as if it had been given in an emergency commission.

6. Other ranks who enlisted during the emergency on a Regular Army engagement, post-war Regular Army enlisted other ranks, and any pre-war Regular Army enlisted other ranks still on the first period of their Colour service, who are accepted for short service Regular Army commissions, may be granted such commissions for periods as in paragraph 1 above. If, however, the period of Colour service for which the applicant has enlisted on his Regular Army engagement exceeds five years, a commission may be granted for such longer period as will enable him to complete such Colour service on the active list for which he enlisted. In such cases where the termination of the period served on the active list would result in only a part of the year being served in addition, the applicant will be required to serve to complete the year and will be accepted for such period.

Army Council's instructions to the foregoing Warrant

1. Applications will be submitted in accordance with A.C.I. 997 of 1947 for commissions under Part II.

2. The grant to an officer of a short service Regular Army commission will depend on the prospects of employing him for the full period on the active list, having regard to his age and rank. Commissions will not be granted in ranks above that of major.

3. *Paragraph 1 of Part II.*—Provisions will be made in regulations under the National Service Act, 1947, that all ranks granted short service commissions while carrying out a period of compulsory full-time service with the Colours, under the provisions of that Act, shall be released from their liability for further part-time National Service.

1. In order that an auxiliary of the Auxiliary Territorial Service on being appointed to a commission shall not suffer a reduction of pay, she will, with effect from 1st July, 1946, receive pay as an officer equivalent to the rate of pay* she last received as an auxiliary plus 1*s.* 0*d.* a day if, and for so long as, this is more favourable than the pay† to which she would be entitled as an officer.

2. Staff pay and additional pay are not issuable with pay under this Army Order. Such additions are admissible only with normal rates of officers' pay.

3. The onus will rest on the officer herself to claim the concession. She should submit her claim to the Regimental Paymaster, Auxiliary Territorial Service, showing from which army agent or paymaster she is receiving her pay as an officer. The regimental paymaster will then insert on the officer's claim the rate of pay she last received as an auxiliary and pass the claim to the appropriate paymaster or agent for action.

4. Regulations for the Auxiliary Territorial Service, 1945, para. 343, will be amended in due course.

---

* This rate of pay will include War Pay and the increase in pay awarded to auxiliaries under **Army Order 153 of 1946**, but will not include any additional pay.

† This rate of pay will include War and Corps pay, Signal pay (if applicable) and the increase in pay awarded to officers of the A.T.S. under **Army Order 153 of 1946**, but will not include any additional pay.

ROYAL WARRANT

45/GENERAL/7168 **A.O. 59/1948**

Auxiliary and Reserve Forces—Disablement Allowances and Pensions

GEORGE R.

WHEREAS WE deem it expedient to make provision for the grant of disablement allowances and pensions in respect of disablement or death of members of Our Auxiliary and Reserve Forces, due to their service as such, other than while embodied or mobilized;

OUR WILL AND PLEASURE IS that, on the disablement or death of members of Our Auxiliary and Reserve Forces due to such service, the provisions set out in the Schedule attached to this Our Warrant shall apply;

AND OUR FURTHER WILL AND PLEASURE IS that any corresponding provision of Our Warrant for the Pay, Appointment, Promotion and Non-Effective Pay of Our Army, dated 29th February, 1940, or the Regulations for the Territorial Army, 1936, shall, in so far as they are inconsistent with the provisions of the Schedule attached to this Our Warrant, be deemed to be modified accordingly.

Given at Our Court at St. James's, this 13rd day of July, 1948, in the 12th year of Our Reign.

A.O. 59/1948—*contd.*

SCHEDULE

1. The provisions set out below shall apply in the case of disablement or death due to service, other than embodied or mobilized service, after the 31st December, 1946, to :—

(*a*) Officers of the Regular Army Reserve of Officers (including the Supplementary Reserve of Officers).

(*b*) Men of the Royal Army Reserve and of the Supplementary Reserve, including the Militia.

(*c*) Officers and men of the Territorial Army, excluding officers and soldiers of the permanent staff who are members of the Regular Forces.

(*d*) Members of the Auxiliary Territorial Service (Territorial Army).

Throughout this Schedule the words importing the masculine gender shall, where appropriate, be deemed to include women.

DISABLEMENT ALLOWANCES

Disablement allowance during total incapacity

2. A member of the Auxiliary or Reserve Forces who is disabled as a result of service may be granted during periods of total incapacity a disablement allowance, subject to the conditions set out below. The allowance shall not normally be admissible in respect of any period more than six months after the date on which the wound or injury was sustained, or on which the member was first incapacitated by the disease, but may in exceptional circumstances be granted for periods after the expiry of the six months. The allowance shall cease on relinquishment of commission or on discharge from the Auxiliary or Reserve Forces, or on embodiment or mobilization, and shall not be issuable during periods for which full pay is admissible.

3. The disablement allowance shall consist of :—

(*a*) A basic payment equivalent to the full service pay applicable to the rank held by the member on the day the allowance begins.

(*b*) An addition thereto equivalent to the sum of

(i) ration allowance ;

(ii) marriage allowance or lodging allowance as the case may be ;

and (iii) London allowance ;

as admissible in the particular case.

For any period during which the member is an in-patient at public expense in either a military or a civil hospital, the equivalent of ration allowance will be inadmissible. The equivalent of lodging allowance will also be inadmissible for any such period, except that an unmarried member who produces evidence of continued payment for lodgings during the period he is in hospital may be allowed the equivalent of the payments so made within the lodging allowance rate.

Digitized by Google

4. Disablement allowance shall be subject to adjustment if the member, being a Government employee, receives sick pay from public funds during the period of his incapacity.

It may in other circumstances be withheld, or issued at a reduced rate only, if the full normal grant is not considered to be justified. A claim may be disallowed if not preferred within a reasonable period following the beginning of the incapacity.

The basic payment shall be held liable to be withheld to meet any public claim there may be against the member concerned. In special circumstances and at the discretion of the Army Council, the allowance may be paid in whole or in part to a person other than the member for his benefit or that of his family.

Disablement allowance during partial incapacity or long continuing total incapacity

5. A member of the Auxiliary or Reserve Forces who is partially incapacitated as a result of service or who continues to be totally incapacitated after cessation of an award under paragraphs 2 to 4 above, but who does not relinquish his commission or is not discharged from those Forces, may be granted a disablement allowance, according to the degree of disablement and appropriate rank, at the rate and subject to the conditions of the disablement award which would have been admissible had the disablement been due to embodied or mobilized service.

Disability awards after relinquishment of commission or discharge

6. In the event of disablement, as a result of service, continuing or beginning after relinquishment of commission or discharge, the member may be granted an award of disability retired pay, disability pension or gratuity at the rates and subject to the conditions which would have applied had the disablement been due to embodied or mobilized service.

Awards to Widows, Children and Dependants of members of the Auxiliary and Reserve Forces

7. Where a member of the Auxiliary or Reserve Forces dies as a result of service, an award may be made to his widow, children or dependants, at the rates appropriate to the member's rank and subject to the conditions which would have applied had the death been due to embodied or mobilized service.

Where death occurs during service and within six months of the fatal wound or injury (or beginning of incapacity from the fatal disease), and there is a widow eligible for pension, the award payable to the family during the first 13 weeks following death, shall not be less than £3 a week.

General

8. Rank for the purpose of disablement and pension awards will be the paid rank held by the member in the Auxiliary or Reserve Forces. Where pay is not actually in issue, the rank will be that for which pay would have been given, had the member received pay.

A.O. 59/1948—*contd.*

ARMY COUNCIL'S INSTRUCTIONS TO THE ABOVE WARRANT IN ITS APPLICATION TO THE TERRITORIAL ARMY AND THE AUXILIARY TERRITORIAL SERVICE (TERRITORIAL ARMY)*

1. The importance of prompt attention to claims to disablement awards is emphasized. Commanding officers will ensure that adequate arrangements are made for the initiation of claims and for assisting members in preferring them. The arrangements will secure, that where it is known that a member has been disabled as a result of service, the entitlement is brought to the notice of the member or his family and the necessary steps taken to initiate his claim. The commanding officer will, where appropriate, keep in touch with members while they are incapacitated to assist them in correspondence with regard to their disability awards, etc.

2. To prevent delays in correspondence, commanding officers will, at their discretion, make such arrangements as are appropriate to allow direct communication between detached units and the Territorial and Auxiliary Forces Association or the War Office (F. 3(R)) on matters affecting disablement allowances in individual cases.

3. A member who sustains a wound or injury as a result of service will at once report the matter to his commanding officer, whether or not he is incapacitated as a result. Failure to report such an incident may lead to difficulties in the event of a subsequent claim to disablement allowance, pension or other award.

The commanding officer will arrange for the completion of A.F. B 117, which should state clearly the exact circumstances in which the injury was sustained. A.F. B 117, together with the proceedings of the Court of Inquiry, if held, will be filed with the member's documents unless a claim to disablement allowance has been received, when they will be sent with the claim to the Territorial and Auxiliary Forces Association.

A copy of the A.F. B 117 will be furnished direct to the Claims Commission in accordance with the instructions contained in A.C.Is. 1664 of 1943 (as amended by A.C.I. 491 of 1948), and 304 of 1947, in any case of injury arising out of an accident in which a civilian vehicle is involved, or where a civilian may be held to blame.

Disablement allowance during total incapacity†

4. A member who wishes to claim disablement allowance in respect of total incapacity due to a wound or injury (for applications in respect of disease or partial incapacity, *see* paragraphs 8 and 11 below), will

* Separate instructions regarding the Reserve Forces will be issued in due course.

submit an application in duplicate through his commanding officer on A.F. O 1699, accompanied by a medical certificate showing the nature of his disability, whether he is thereby totally incapacitated, and if so, the date of commencement and, if possible, duration of his incapacity and whether he has been, or probably will be, admitted to hospital as an in-patient. If the member is unable himself to submit his application, it may be made by some other responsible person on his behalf. The claim, in duplicate, together with the documents referred to in paragraph 3 above, will then be forwarded to the appropriate Territorial and Auxiliary Forces Association. If the member is totally incapacitated and the disablement clearly arose from a wound or injury sustained in any of the circumstances described in paragraph 7 below, the Territorial and Auxiliary Forces Association will authorize the appropriate regimental paymaster to issue disablement allowance, forwarding to him the member's original claim, and the accompanying medical certificate. The regimental paymaster will assess and issue disablement allowance as provided under paragraphs 2, 3 and 4 of the Schedule to this Warrant for the period of total incapacity, payment being made at weekly or other convenient intervals in arrear. Such payments should be charged to Army Funds, Vote 10.F.1.

5. (*a*) No payments will be made in respect of any period which is not covered by a medical certificate showing that the member is totally incapacitated from a cause which is clearly attributable to the wound or injury in question. Medical certificates, showing probable period of incapacity (other than the initial certificate), will be obtained by the regimental paymaster direct from the member on the expiration of the period of total incapacity certified on the previous certificate, or after every two weeks, whichever is the shorter period. The regimental paymaster will obtain from the member any additional documents considered necessary in substantiation of his claim. If verification of all or any of the particulars necessary is not immediately available the disablement allowance will be put into payment at the highest rate proved to be admissible, and adjustment to any higher rate made subsequently. The member will be warned of the necessity of reporting any changes affecting the issue of the disablement allowance, such as the cessation of total incapacity.

(*b*) In those cases where total incapacity continues, or is likely to continue, for a period of six weeks or more, and the member is not an in-patient in hospital, the position will be reported by the regimental paymaster to the Territorial and Auxiliary Forces Association, disablement allowance being meanwhile continued while admissible. The Association will arrange for the member to be examined by an army medical officer, and if, in the light of the medical officer's report, the Association has any doubt regarding the member's continued entitlement to disablement allowance, the case will be referred to the War Office (F.3 (R)) for further consideration.

A.O. 59/1948—*contd.*

(*c*) When a married member is eligible for disablement allowance while in hospital, the regimental paymaster will arrange for payment of the equivalent of marriage allowance, including qualifying allotment, where admissible, direct to the wife of the member, together with any further portion of the disablement allowance which the member may instruct him so to pay.

6. If any of the following circumstances apply, disablement allowance will not be issued without the prior sanction of the War Office, and the claim will be referred to the War Office (F. 3 (R)) by the Territorial and Auxiliary Forces Association concerned :—

(*a*) If there is any doubt whether the wound or injury was in fact due to service.

(*b*) If negligence or misconduct is considered to have contributed to the wound or injury.

(*c*) If the disablement did not begin until one month or more after the receipt of the wound or injury, or if the claim is not preferred within a month of the beginning of total incapacity.

If in any other circumstances there is doubt regarding the admissibility or rate of an allowance or addition the matter should be referred to the War Office (F. 3 (R)) by the Association or regimental paymaster concerned.

7. Wounds or injuries occurring in the following circumstances, unless due to the negligence or misconduct of the member, will normally be regarded as attributable to service.

(*a*) Arising out of training.

(*b*) Occurring during camp or similar periods away from home in which the member was in a military environment, without regard to whether or not the wound or injury arose directly from training.

(*c*) Occurring on auxiliary force premises during attendance for the purpose of training, whether or not arising directly from training, but not during attendance for amenity purposes.

(*d*) Occurring while proceeding to and returning from training.

Where a wound or injury is due to the member's misconduct or negligence, the award will be subject to reduction according to the circumstances of the particular case.

8. If a member claims disablement allowance for total incapacity in respect of a disease or illness alleged to be due to or aggravated by service (for example, if he claims exposure or stress of training to be the direct or contributory cause), his application on A.F. O 1699 together with a medical certificate showing the nature, date of beginning and probable duration of his disablement, and whether he is an in-

Digitized by Google

patient in hospital, will be forwarded by the commanding officer to the War Office (F. 3 (R)) through the Territorial and Auxiliary Forces Association. The application will be accompanied by a full statement of the circumstances in which the disease or illness is alleged to be due to or aggravated by service, particularly with regard to the nature of the training and weather at the relevant time. The commanding officer will also give an expression of opinion on the claim. Disablement allowance in such a case will not be authorized by the Association concerned unless the authority of the War Office has first been obtained.

Disablement during training

9. When a member is undergoing training and is in receipt of pay at the time he sustains a wound or injury due to service, which results in his being totally incapacitated, his commanding officer will, as provided in the regulations relating to pay, continue to issue full pay and allowances to the member until the end of the period of training for which he is called up. If it is apparent that total incapacity is likely to continue beyond the end of the period of training for which pay is admissible, the commanding officer will take steps to enable the member to submit a claim to disablement allowance, which should be dealt with in accordance with paragraph 4 above. Where a member ceases to be totally incapacitated before the expiration of the period for which pay is admissible and claims that he is still suffering a residual disablement from the attributable wound or injury, his case should be dealt with in accordance with paragraph 13 below. Where no claim is preferred, the fact will be reported to the appropriate Territorial and Auxiliary Forces Association on completion of training, with full particulars of the case for record purposes.

Government Employees

10. A member entitled to disablement allowance in respect of total incapacity who is a Government employee and eligible for sick pay from public funds for the same period, shall be eligible only for so much of the disablement allowance, if any, as exceeds the sick pay rate. In such cases the regimental paymaster will obtain from the member a statement by his employing department setting out the amount and duration of his sick pay entitlement.

If, however, total incapacity arises during a period of full time training at camp, both service emoluments and sick pay will be admissible in full *up to the end of the training period.*

Disablement allowance during partial incapacity

11. On the cessation of disablement allowance in respect of total incapacity, the regimental paymaster will enclose with the final payment to the member a notice requesting the member to state whether he wishes to claim in respect of any residual disablement arising out

Digitized by Google

A.O. 59/1948—*contd.*

of the disability for which disablement allowance was issued. If the member does not prefer such a claim, the regimental paymaster will endorse the member's original application to that effect and inform the Territorial and Auxiliary Forces Association accordingly, furnishing full particulars of the disablement allowances issued.

When a member makes a claim, on the cessation of total incapacity, to an award in respect of partial disablement, the regimental paymaster will refer the claim, together with a statement of disablement allowances paid, to the War Office, (F. 3 (R)), through the Association, who will enclose all relevant papers held regarding the member's case when forwarding the further claim.

12. Where a member ceases to be in receipt of disablement allowance at total rates and submits a further claim in respect of the original disability within one month of the cessation of total incapacity on the ground that he is again totally disabled, his further claim may be dealt with in the normal way, provided that the further period of incapacity is within six months of the date of the original wound or injury. Further claims made at a later stage should be referred to the War Office (F. 3 (R.)).

13. If a member claims disablement allowance in respect of partial disablement, in circumstances other than those provided for in paragraph 11 above, his claim, with full particulars of the circumstances upon which his claim is based, should be forwarded by his commanding officer to the War Office, (F. 3 (R.)), through the Territorial and Auxiliary Forces Association, for consideration.

Disablement Awards on or after relinquishment of Commission or Discharge

14. Disablement allowance is not issuable for any period after a member relinquishes his commission or is discharged. If a member, whose services would otherwise be so terminated, is in receipt of or eligible for disablement allowance for total incapacity, relinquishment or discharge will, where practicable, be deferred until the termination of the normal six months period for which such disablement allowance is admissible.

15. If at the termination of four months from the date of the wound or injury or of first incapacity by the disease, the member is still totally incapacitated, and it appears that he will continue to be so incapacitated for more than a further two months, the regimental paymaster will notify the Territorial and Auxiliary Forces Association, who will arrange specially with the Deputy Director of Medical Services of the command nearest to the member's residence for the member to be examined by a medical board (on A.F. B 179) with a view to ascertaining his fitness for further military service. The medical board's report

Digitized by Google

and the board's recommendations will be forwarded to the War Office (F. 3. (R)). If it is decided that he shall relinquish his commission or be discharged, this will normally be effected six months after the date of the wound or injury or first incapacity by the disease. The regimental paymaster will be informed by the War Office of the intended date of relinquishment of commission or discharge, and will be asked to forward to the War Office (F. 3. (R)) the member's application form and medical certificates, together with a statement giving particulars of the disablement allowances issued or to be issued up to the date of discharge. On receipt of these documents, consideration will be given to the member's entitlement to a further disability award, under the current Services' pension regulations. It is important that action as above be taken as soon as possible after the termination of four months total incapacity, to enable the War Office to consider the case from the pension aspect before disablement allowance expires. Payment of disablement allowance may meanwhile be continued up to the date of relinquishment of commission or discharge.

If a member (other than a member discharged as above) on or after discharge desires to claim a disability award in respect of disablement by an injury or disease which he attributes to his unembodied service, he should be advised to apply direct to the War Office (F. 3 (R)).

Pension and other grants to widows and dependants of members of the Territorial Army

16. (*a*) Where a member is in receipt of disablement allowance and dies as a result of his disability, and leaves a widow or dependent children, the fact should be reported immediately by the commanding officer to the War Office (F. 3 (W)) through the Territorial and Auxiliary Forces Association, together with a copy of the death certificate, in order that consideration may be given to the question of an award.

(*b*) In other cases where a member's death is due to or claimed to be due to his service in the Territorial Army, his widow should be advised by the commanding officer to submit an application for pension to the War Office (F. 3 (W)) through the Association, for consideration. If application is received from dependants, other than a widow, they should be similarly informed.

Such applications will be supported by a copy of the death certificate, together with all relevant documents, where death is due to a recorded wound or injury. In cases of death due to disease, a statement will be furnished, setting out the grounds on which the claim is based.

Where there is a widow and it is clear that the death of the member was due to service, the Association will authorize an interim award of £3 a week to the widow, payable for 13 weeks following death,

A.O 59/1948—*contd.*

if admissible under paragraph 7 of the Schedule to this Warrant. In the event of the ultimate award amounting to less than the interim award, no adjustment will be effected.

Dependants of members of the Auxiliary Territorial Service (Territorial Army)

17. Applications for awards to dependants of deceased members of the Auxiliary Territorial Service (Territorial Army) should be made or referred to the War Office (F. 3 (W)).

---

† The authority to Territorial and Auxiliary Forces Associations to authorize payment of disablement allowance does not apply to cases in which the disablement began before 5th July, 1948; such cases should be referred to the War Office (F. 3 (R)).

GEORGE R.

GEORGE THE SIXTH, by the Grace of God, of Great Britain, Ireland and the British Dominions beyond the Seas, King, Defender of the Faith, to all to whom these Presents shall come:

Greeting!

WHEREAS Her late Majesty Queen Victoria, by a Warrant under Her Royal Sign Manual dated the 30th day of September, 1862, did institute and create a silver medal bearing the words "For Distinguished Conduct in the Field";

AND WHEREAS the rules and ordinances for the governance of the same have been amended from time to time and were consolidated and varied by a Warrant under the Sign Manual of His late Majesty King George V dated the 5th day of February, 1931;*

AND WHEREAS His late Majesty King George V in the said Warrant dated the 5th day of February, 1931, reserved to Himself, His Heirs and Successors full power of annulling, altering, abrogating, augmenting or dispensing with these rules and ordinances, or any part thereof, by a notification under Royal Sign Manual;

AND WHEREAS the said Royal Warrant was amended by Warrants under Our Sign Manual dated the 21st day of August, 1939†, and the 16th day of July, 1947‡;

AND WHEREAS WE deem it expedient that the said Royal Warrant dated the 5th day of February, 1931, should be further amended;

* *See* Army Order 50 of 1931.

NOW THEREFORE WE do hereby declare that the rules and ordinances contained in the said Royal Warrant dated 5th day of February, 1931, as amended by Our said Warrants dated the 21st day of August, 1939, and the 16th day of July, 1947, shall be abrogated, cancelled and annulled, and We are pleased to make, ordain and establish the following rules and ordinances in substitution for the same which shall from henceforth be inviolably observed and kept:—

Firstly: It is ordained that the Medal, which shall be of silver, shall be designated "The Distinguished Conduct Medal", shall bear on the obverse the Royal Effigy, and on the reverse the words "For Distinguished Conduct in the Field".

Secondly: It is ordained that the Distinguished Conduct Medal may be awarded in any of Our Naval, Military or Air Forces, including the Forces of Our Dominions beyond the seas, the Forces of Our Colonies, Protectorates, or Territories Mandated to the United Kingdom, and the Sudan Defence Force, on the recommendation of a Commander-in-Chief in the Field or, in the case of any of Our Dominions the Government whereof shall so desire, of the Officer Commanding the Dominion Forces in the Field, to Warrant Officers, non-commissioned officers and men and equivalent ranks, for distinguished conduct in action in the Field, provided that awards in Our Naval or Air Forces shall be made only for services similar to those undertaken by Our Military Forces.

Thirdly: It is ordained that should anyone who has been awarded the Distinguished Conduct Medal be subsequently recommended for such approved act or acts of distinguished conduct in action in the Field as would have rendered him eligible for the Medal, had he not already received it, he may be awarded a Bar to be attached to the ribbon by which the Medal is suspended; and that for every additional such act or acts of distinguished conduct an additional Bar may be awarded; and that when the ribbon alone is worn, the award of a Bar shall be indicated by a silver rose Emblem attached to the ribbon, the award of an additional Bar being indicated by a further such Emblem.

Fourthly: It is ordained that the Distinguished Conduct Medal shall not confer any individual precedence, but shall entitle the recipient to the addition after his name of the letters, D.C.M.

Fifthly: It is ordained that the names of those upon whom We may be pleased to confer the Distinguished Conduct Medal shall be published in the *London Gazette* and that a Register thereof shall be kept in the Office of Our Principal Secretary of State for War.

Sixthly: It is ordained that the Distinguished Conduct Medal shall be worn before war medals in such order as We may from time to time assign to it, and that it shall be worn on the left breast pendent from a ribbon of one inch and one quarter in width, which shall be in colour crimson, having in the centre a dark blue stripe of width equal to the crimson stripes on each side of it.

Seventhly: It is ordained that Warrant Officers, non-commissioned officers or men belonging to any of Our Military Forces or any of equivalent rank belonging to Our Naval or Air Forces of the United Kingdom, of Our Dominions beyond the seas, or of Our Colonies, Protectorates or Territories Mandated to the United Kingdom, or of the Sudan Defence Force, who have been awarded the Distinguished Conduct Medal, or a Bar or Bars thereto, shall receive such monetary award as the Government concerned may prescribe.

Eighthly: It is ordained that members of an Allied or Associated Navy, Army, or Air Force, of ranks equivalent to those of Our Military Forces specified in the second Clause of this Our Warrant, who have been associated in operations with Our Naval, Military or Air Forces, shall be eligible for the award of the Distinguished Conduct Medal but no pension or gratuity shall accompany such award.

Ninthly: It is ordained that it shall be competent for Us, Our Heirs and Successors, by an Order under Our Sign Manual and on the recommendation to that effect by or through Our Principal Secretary of State for War, or in the case of any of Our Dominions, the Government whereof shall so desire, by the appropriate Minister of State for the said Dominion, to cancel and annul the award of the Distinguished Conduct Medal to any person, together with any gratuity, or pension in lieu thereof, appertaining thereto not already paid, and that thereupon his name in the Register shall be erased; but it shall be competent for Us, Our Heirs and Successors, to restore the Medal when such recommendation has been withdrawn and with it such gratuity, or pension in lieu thereof, as may have been forfeited.

Tenthly: It is ordained that notice of cancellation or restoration in every case shall be published in the *London Gazette*.

Lastly: We reserve to Ourself, Our Heirs and Successors, full power of annulling, altering, abrogating, augmenting, interpreting or dispensing with these regulations, or any part thereof, by a notification under Our Sign Manual.

Given at Our Court at St. James's, this 11th day of October, in the 12th year of Our Reign, in the year of Our Lord one thousand, nine hundred and forty eight.

By His Majesty's Command,

E. SHINWELL.

By Command of the Army Council,

Sec. B.B. Rud.

Royal Review of the Territorial Army

Exchange of Messages

The following messages have passed between His Majesty The King and the Secretary of State for War :—

BUCKINGHAM PALACE,
31st October, 1948

Please convey to all in the Territorial Army my warmest congratulations on this afternoon's parade. The smart and efficient detachments which I inspected represent the whole body of men and women who have given their services to the Territorial Army and who since the war have undertaken to re-form its ranks.

It is my sincere hope that those serving now will encourage their friends to join them in this duty which is so important to the safety of our country.

I am very proud of what the Territorial Army has accomplished in war and peace and I send my best wishes to all ranks for their future success in maintaining its great traditions.

GEORGE R.

A.O. 112/1948—*contd.*

THE WAR OFFICE,

1st November, 1948

On behalf of all ranks of the Territorial Army, the Secretary of State for War, with his humble duty, begs to tender their heartfelt thanks for Your Majesty's most gracious message of congratulation and good wishes on the occasion of yesterday's Royal Review. Your Majesty's words will encourage and hearten all members of the Territorial Army in the fulfilment of the task they have undertaken to build up a force which will be a credit to themselves and to the country and an efficient instrument for the maintenance of peace.

Your Majesty's stirring message, which is greatly appreciated, is being conveyed to all ranks of the Territorial Army.

E. SHINWELL.

The following messages were sent to the Territorial Army by the Secretary of State for War and the Chief of the Imperial General Staff :—

I wish to add my congratulations to all who took part in the Parade yesterday. It was only possible for comparatively small numbers of the Territorial Army to be represented, but I know that all of you who did not have the opportunity to be there have the same standards of smartness and efficiency.

It is indeed a vital duty which you are carrying out for the future security of the country and the response which has been given to the call for recruits is encouraging, although we still require many more men, especially those who have had experience in the recent war. I, therefore, hope that those of you who are now serving will encourage your friends to join, and thus help to achieve our target of 150,000 by April, 1949.

E. SHINWELL.

1st November, 1948.

On returning from the Review of the Territorial Army by H.M. The King in Hyde Park this afternoon, I want to express to all ranks of that Army the immense feeling of pride that I experienced as I accompanied The King on his inspection.

It was a source of inspiration to me to see those fine contingents from all parts of the British Isles. The medals

and decorations worn by so many of those on parade showed the wealth of war experience already in the Territorial Army: the experience of those who fought for the British Empire on so many battle-fields all over the world, and thus prevented its liquidation.

It can truly be said that the Territorial Army has now taken up its great task for the years that lie ahead, always remembering that it is in the hand of strength that lie the keys of peace.

It is particularly gratifying to me that my last duty as Chief of the Imperial General Staff should have been attendance on His Majesty at the Review today, which Review has so clearly shown the rebirth of the Territorial Army as a vital and integral part of the National Army of Britain.

I know that all who were present at the Review will share with me the fullest confidence in the Territorial Army and in the part it is to play in the future of our country.

MONTGOMERY OF ALAMEIN.

(3) The term "stores" includes stores supplied by H.M. Stationery Office. If office machinery (*e.g.*, typewriter, duplicator, adding machine, etc.) is included in a loss case disposed of without prior reference to the command secretary or financial adviser, the schedule by which the loss is reported under para. 5 should draw attention to this in the remarks column by a note showing the type and make of machine and, if possible, its number.

NOTES TO SECTION III

(1) In commands at home and certain commands overseas, claims against and by the War Department arising out of traffic accidents are dealt with by the Claims Commission set up under Army Order 183 of 1940.

In these commands separate application by Os.C. units for authority to write-off damage to W.D. vehicles or property is not required unless vehicles are damaged beyond repair (*see* below). Action for the repair or disposal of the W.D. vehicle will be taken by Os.C. units, etc., under general instructions issued from time to time by A.C.Is., etc.

Formal authority will be sought for the write-off of a vehicle which is damaged beyond repair as a result of a traffic accident. The powers of write-off appropriate to such losses are those shown in **Section I. A.** (ii) in cases of gross carelessness, and those shown in **Section II. B.** (ii) in other cases.

(2) In those commands where no Claims Commission organization exists formal write-off action will be taken in all cases and the powers shown in col. 10 of this section will apply.

NOTES ON NUGATORY PAYMENTS

1. A nugatory payment represents an immediate and formal loss, *i.e.*, the payment of money in return for which no service is rendered. It does not include constructive loss, *i.e.*, uneconomical expenditure, where due service is rendered in return for the payment, although owing to change of policy, error of judgment, or otherwise, the service rendered does not have the utility intended. To assist in making this distinction clear, the following instances are given :—

Recorded as nugatory (1)	Not recorded as nugatory (2)
(*a*) Payment for stores not delivered owing to cancellation of contract.	(*a*) Payment for stores delivered, but useless owing to change of pattern.
(*b*) Rent paid for premises after surrender on termination of occupation, but before termination of tenancy.	(*b*) Rent paid for rifle range retained in possession, but closed as unsafe.
(*c*) Freight of men and stores not shipped.	(*c*) Payment for transport contractor for teams furnished as requisitioned, but not used. (Payment for teams not furnished would be nugatory.)
(*d*) Payment to a contractor of compensation for loss on account of delay in handing over site.	(*d*) Payment to overhauling machinery which had lain unused owing to its having been ordered for delivery before foundations were ready.
(*e*) Extra payment to a contractor for supplies owing to reduction of quantities taken below those named in contract.	(*e*) Extra cost by purchase of homegrown, instead of imported supplies, contrary to order that no preference should be given.

2. War Office sanction is required for all nugatory payments, except :—

(*a*) Payments to contractors of sums not exceeding £40 for loss due to departure from the terms of a contract (*see* **Section IV** (i)).

(*b*) Payments specially provided for in the terms of a contract. In these cases, however, reference to the War Office is desirable when the payment is exceptional in amount or character.

(This note supersedes King's Regulations, 1940, Appendix IV C.)

NOTE ON EXTRA-REGULATION EXPENDITURE

(*See* King's Regulations, 1940, para. 49)

1. *Principal rule.*—G.Os.C.-in-C. may sanction expenditure for objects of a military nature not covered by regulation within the limits of a grant to be notified annually by the War Office, provided that such expenditure :—

(*a*) is a reasonable and proper charge against army funds ;
(*b*) would be likely to receive the sanction of the Army Council, if referred ;
(*c*) is not within the power of the G.O.C.-in-C. to sanction under ordinary regulations as a charge to the appropriate vote ;
(*d*) does not involve a recurring charge ;
(*e*) does not increase the regulated emoluments of any person.

A district commander may also expend extra-regulation money. It will be within the discretion of the G.O.C.-in-C. of the command to decide whether a sub-allotment will be made to districts or whether the requirements of these districts will be met from the command allotment. If the latter is done it will be necessary before the liability is incurred to ascertain from the command paymaster whether the command allotment is able to meet it.

2. *Primary purpose of the grants.*—The primary purpose of the grants for extra-regulation expenditure is not to relax the close control which should properly be exercised over the expenditure of public money, but to save correspondence on matters clearly desirable from a military point of view, but of minor financial importance. The annual allotment will not be regarded as a grant, the expenditure of which should be planned in advance, but is intended to meet cases of real necessity arising independently throughout the year.

3. *Relations with the War Office.*—(*a*) In the exercise of their extra-regulations powers, G.Os.C.-in-C. will be guided by the consideration whether the Army Council, if in full possession of the facts, would be likely to allow the expenditure proposed. It will be understood that nothing that has already been submitted to, and refused by, the War Office can be sanctioned under these powers.

(*b*) To make application to the War Office for leave to sanction expenditure under extra-regulation powers is not consistent with the purpose for which they are granted.

4. *Objects of a military nature.*—(*a*) The conditions that the expenditure must be on objects of a military nature and a reasonable and proper charge against army funds will be strictly adhered to. Thus, the expenses of sending a band or team to perform or compete at an exhibition

Digitized by Google

are inadmissible, because such expenditure is not within the purposes for which Parliament votes public money; and charges for printing stationery, etc., are inadmissible, because such charges are provided for, not in army estimates, but in the votes of the Stationery Office.

(*b*) When it is explicitly laid down in regulations that expenditure of a certain kind must not be borne by the public, extra-regulation powers will not be used to overrule the regulations.

5. *Ordinary powers of expenditure.*—When the proposed expenditure is already within the ordinary powers of the G.O.C.-in-C. under the regulations, use will be made of such ordinary powers and the expenditure will be charged to its appropriate vote and sub-head. Extra-regulation powers will be invoked only as an alternative to applying for War Office sanction, and no expenditure for which these powers are not necessarily invoked will be charged to Vote 9, Extra-Regulation Expenditure.

6. *Expenditure not to involve a recurring charge.*—A reasonable interpretation will be given to the condition that the expenditure must not involve a recurring charge. Thus, an installation of gas fittings, electric light, or baths involving additional recurring charges for gas, current or water is inadmissible, but the making of minor improvements in buildings involving small periodical charges for maintenance in future years would be permissible.

7. *Personal emoluments.*—The condition that expenditure must not be incurred for the specific purpose of increasing the regulated emoluments of any person is not intended to bar occasional payments to individuals in the public service, made in order to relieve them of expenditure actually incurred by them or to remunerate them for special work performed in addition to their ordinary duties.

8. *Services to be complete.*—Services approved under extra-regulation powers must be complete services, standing by themselves, and these powers will not be used to cover excesses on individual services carried out with other funds.

9. *Other financial limits not to be exceeded.*—Extra-regulation funds will not be employed as a means of exceeding the monetary limits assigned by regulation to other powers of G.Os.C.-in-C., nor will they be used to make good losses or to relieve claims arising out of theft, fraud or other financial irregularities, either suspected or proved.

10. *Accounting, etc.*—Extra-regulation expenditure is subject to the normal rules of public accounting and audit. Charges will be classified to Vote 9, Extra-Regulation Expenditure. The detail will be kept by the command paymaster and a statement forwarded to the War Office through the command secretary or financial adviser at the end of each financial year.

Digitized by Google

11. *Issues in kind.*—The grant is primarily for cash expenditure, but issues in kind may, in exceptional circumstances, be made under these extra-regulation powers. In such cases no debit to Vote 9 will be raised, but an equivalent sum will be saved on the grant, and an entry made in the annual statement.

12. *Explanations.*—In order to obviate unnecessary queries on the examination of accounts, the vouchers for charges against Vote 9 Extra-Regulation Expenditure, will contain brief explanations of any payments of an exceptional character and will show, when necessary, why the items are charged to that sub-head rather than to the ordinary votes and sub-heads appropriate to the services concerned.

9/CADETS/6628 **A.O. 139/1948**

The Combined Cadet Force

The Combined Cadet Force was instituted on 1st April, 1948.

1. *The objects of the Force are*:—

(*a*) To form, in the interests of the Nation, the Schools, the Services and the Cadets, a combined pre-service organization in independent, maintained or assisted schools in Great Britain, Northern Ireland (and elsewhere if so decided) in which education is continued to the age of 17 years or above.

(*b*) To bring about a simplification of administration within schools of Cadet Contingents.

provide common basic cadet training to the standard of Certificate "A", Part I, after which further training for each of the three Services will begin.

Digitized by Google

A.O. 139/1948—*contd.*

Composition

2. A Combined Cadet Force Contingent should consist of :—

(*a*) A basic section providing training to the standard of Certificate " A ", Part I.
(*b*) A Royal Naval section.
(*c*) An Army section,
(*d*) A Royal Air Force section.

Cadets will graduate from the basic section into one of the Service sections for advanced training in Naval, Army or Air Force subjects.

3. A school is eligible to join the Combined Cadet Force even if able to form only a basic section and one of the Service sections, although the formation of all three is desirable.

4. *Existing Contingents.*—Contingents of the Sea Cadet Corps, Junior Training Corps, Army Cadet Force and Air Training Corps in schools (as defined in paragraph 1 (*a*) above), are eligible for transfer.

5. *New Contingents.*—New contingents of the Combined Cadet Force, which will necessarily start as basic sections, will operate under the conditions specified in the Scheme* supplemented by Army Cadet Force Regulations until these are superseded by Combined Cadet Force Regulations.

6. *Service Sections.*—When formed, these will be governed by the Scheme*, but existing regulations for Sea Cadet Corps, Junior Training Corps, Army Cadet Force and Air Training Corps will continue to apply to items not covered by the Scheme*, according to the Corps or Force to which they previously belonged, until Combined Cadet Force Regulations are published.

Organization, etc.

7. The conditions for the Combined Cadet Force specified in the Scheme* will apply from the 1st April, 1948, but the changes in contingent organization will necessarily be gradual. Existing regulations will continue as authorities for claims, free services, etc., not covered in this Scheme.

8. Schools eligible to join the Combined Cadet Force may, if they so desire, continue their existing units of the Sea Cadet Corps, the Army Cadet Force, or the Air Training Corps, instead of transferring such units to the Combined Cadet Force.

Schools ineligible for the Combined Cadet Force under paragraph 1(*a*) may similarly raise school contingents of the Sea Cadet Corps (open units), Army Cadet Force or Air Training Corps.

* A pamphlet " The Combined Cadet Force Scheme " has been issued to all concerned. It outlines the following matters relative to the Combined Cadet Force :—

Organization, local administration, training policy, conditions of service, dress, finance and officer establishment.

ROYAL WARRANT

100/GENERAL/2681 **A.O. 18/1950**

Antedates—Counting of for incremental purposes

GEORGE R.

WHEREAS WE deem it expedient to modify the rules regarding the counting of certain antedates for increments of pay;

OUR WILL AND PLEASURE IS that an officer who, on first appointment to a permanent commission, is given an antedate in respect of such academic qualifications or civilian experience as may be specified by Our Army Council, shall count the excess of the period of the antedate (together with any previous service reckonable for promotion) over the period qualifying for promotion to the substantive rank to which he is entitled on such first appointment, towards increments of pay in that rank;

OUR FURTHER WILL AND PLEASURE IS that the antedates provided under Our Warrant for the Pay, Appointment, Promotion and Non-Effective Pay of Our Army, dated the 29th February, 1940, Articles 39 and 40, shall similarly count for incremental purposes in the rank of captain;

OUR FURTHER WILL AND PLEASURE IS that an officer of Our Royal Army Veterinary Corps, who is granted a permanent or short service commission direct from civil life after holding an approved whole-time appointment in a recognized civil veterinary college or research institution may, on promotion to the rank of captain, be granted an antedate covering the period of his civil appointment, but not exceeding six months, provided that the interval between the termination of the said civil appointment and the date of commissioning shall not ordinarily exceed six months;

A.O. 18/1950—*contd.*

OUR FURTHER WILL AND PLEASURE IS that the aforementioned antedate granted to an officer of Our Royal Army Veterinary Corps shall count for incremental purposes in the rank of captain;

LASTLY, OUR WILL AND PLEASURE IS that Our aforementioned Warrant, and Our Warrant dated 17th September, 1946,* shall be modified accordingly.

Given at Our Court at St. James's, this 22nd day of February, 1950, in the 14th year of Our Reign.

By His Majesty's Command,

E. SHINWELL

Army Council's instructions to the foregoing Warrant.

1. Antedates which are given in respect of academic qualifications or civilian experience under the following authorities count towards increments of pay under this Warrant:—

R.E.M.E.—A.C.Is. 582 of 1949, paras. 8(*a*)(i), (*b*)(i) and (iii), (*c*)(i) and (ii), and 837 of 1949, paras. 31(*a*), (*b*) and (*d*).
R.A.E.C.—Army Order 141 of 1946, Section H.
University Candidates.—War Office letter 10/R/351 (AG 1 (Offrs. C/E)), dated 26th October, 1949.

2. R.A.E.C. By Amendment No. 1 to Army Order 141 of 1946, antedates in excess of the period required for promotion in the R.A.E.C. to the rank of lieutenant reckoned for increments of pay in that rank only. The present Warrant removes that limitation.

3. The effect of the second paragraph of this Warrant is that a regimental lieutenant of 3 years' reckonable service who, on appointment to a permanent commission, is eligible for a further antedate of 2 years for a specified qualification, will be entitled to two increments on the lieutenant's pay scale. If he is qualified for a total antedate of 8 years he will be eligible for immediate promotion to substantive captain and one increment on the captain's scale.
